SHOOTS POLITICIANS.

Porto Rican Politics Lead to the Arrest of an Editor.

FRENCH WILL EVACUATE CHINA.

Hurricane Leaves Death and Destruction in Its Path—News Fresh From the Cable.

San Juan, Porto Rico, Oct. 24.—A state of political excitement here ended with the shooting of two Republicans. The wounded men will recover. On Thursday the editor of the News was arrested on the complaint of the mayor amid a great demonstration on a charge of libel in publishing the text of the citizens' petition presented to the governor asking that the mayor be prosecuted for destroying the municipal records. Many of the signers of the petition, numbering 22, have been threatened in dodgers and letters.

To Hang For Premier's Death.
Sofia, Bulgaria, Oct. 24.—Michael Stavreff, alias Halju, was found guilty of the murder of ex-Premier Stambuloff in 1895 and sentenced to be hanged. The accused pleaded not guilty. Companions of M. Stambuloff testified that Stavreff fired the first shot. Stephen N. Stambuloff, who has been called the Bismarck of Bulgaria, was assassinated at Sofia on the evening of July 15, 1895, three months after his dismissal from the premiership. The crime was committed while M. Stambuloff and a friend were returning from a club in a carriage. They were stopped by three or four men armed with knives and pistols and the ex-premier, leaping to the ground to defend himself was overcome, receiving over 20 wounds in the head in addition to other injuries. The number and severity of his wounds, together with the amputation of both his hands, resulted in his death three days later.

Protest and Reply.
Port of Spain, Trinidad, Oct. 24.—A protest has been filed by the Venezuelan government with the German legation in Caracas against the visit to the Orinoco river of the German gunboat Panther, the vessel which sank the Haitian rebel gunboat Crete-a-Pierot. In reply to the protest, the German legation declared that the blockade is not only ineffective, but never existed, and that the kaiser's government intends to protect German interests in Venezuela.

Irish Leader Sentenced.
Dublin, Oct. 24.—The sentence imposed on James P. Farrell, M. P., who was convicted of publishing intimidating articles in his newspaper, the Longford Leader, and was sentenced to two months' imprisonment at hard labor, has been confirmed by the Longford assizes. Judge Curran offered to reduce the sentence to a month and omit hard labor if Mr. Farrell would promise to cease boycotting and intimidation. This the prisoner refused to do.

May Not Consent.
Peking, Oct. 24.—Prince Ching, president of the foreign office, intends to ask Germany to interpret the "invidious stipulation" regarding the evacuation of Shanghai by the foreign troops as embracing all China, thus renewing the implication that the Yang Tze Kiang valley is threatened by British schemes of aggrandizement. As the Germans are pleased with the agreement as it stands, it is doubtful if Germany will consent.

France Will Withdraw.
Paris, Oct. 24.—Foreign Minister Delcasse has notified China that France is prepared to withdraw her troops from Shanghai simultaneously with the withdrawal of the forces of other powers, reserving the right to send a contingent back in the event of another power disembarking troops.

Note to the Powers.
Sofia, Bulgaria, Oct. 24.—The Bulgarian government has sent an identical note to the powers pointing out that unless reforms in Macedonia are insisted upon the government of Bulgaria will be unable to hold in check the pro-Macedonian movement which is agitating this country.

Hurricane Kills Fifteen.
Buenos Ayres, Oct. 24.—A hurricane has swept over Port Diamante, province of Entre Rios. Fifteen persons were killed and many injured. A hundred houses were destroyed and several ships were sunk. Nogvoia and other places were also damaged.

French Strike Broken.
Dunkirk, France, Oct. 24.—The dock laborers formally decided by

1,711 votes to 481 to resume work. The town was quiet, an overwhelming force of troops having been sent here by the military authorities.

TRAIN ROBBERY.
Express Car Dynamited—Large Reward Offered.

St. Paul, Oct. 24.—Word was received here of the robbery of a Northern Pacific mail train between Ber-mont and Drummond, Mont. The engineer was killed, the mail car broken into and robbed of all registered mail, but no other cars touched. The train was due to arrive at Drummond at 12:30, but did not come in. Investigation located the train stalled. The point where the robbery took place is about 64 miles west of Helena. The train was in charge of Conductor Quinn and Engineer O'Neill. O'Neill was shot by the robbers and died soon after. The combination baggage and express car was blown to pieces and all the registered mail was taken. The Northern Pacific officials in St. Paul have posted a reward of \$5,000 for the delivery of the robber, dead or alive. The posting of the reward has started active pursuit of the robber and it is believed he will be captured. The Northern Pacific company has borrowed the bloodhounds from the state penitentiary at Deer Lodge, Mont., and has also started out posses of men from Deer Lodge, Missoula, and Anaconda fully armed and prepared for a long search.

WILL SELECT SITE.
Meeting of McKinley Memorial Association to Locate Monument.

Washington, Oct. 24.—Postmaster General Payne and Secretary to the President George B. Cortelyou, went to Canton, O., to attend a meeting of the trustees of the William McKinley Memorial association. The meeting will be held for the purpose of securing a site for the memorial to President McKinley. Of the aggregate sum of \$650,000 which the association desired to raise, it has in hand in cash and pledges of about \$550,000. New York contributed \$150,000 of this amount and Ohio a little more than \$100,000. The trustees will not be cramped for funds in carrying out their project. It is likely that the memorial will be located on the most commanding site in the Canton cemetery not far from the present tomb of the dead president.

Broom Combine Forming.
New York, Oct. 24.—Arrangements have been made for financing the proposed combination of broom manufacturers, which, if formed, will have a capital of \$5,000,000. The total capitalization of the companies engaged in manufacturing brooms in the United States is about \$3,000,000 and their yearly output about 42,000,000 brooms. The manufacturers who have been asked to give options on their plants represent 75 per cent of the broom industry of the country.

Convict Suicides.
Baltimore, Oct. 24.—Arthur Spencer, in the Maryland penitentiary, committed suicide by hanging. Before his conviction, Spencer had married a young woman in Cincinnati, who discovered after his incarceration that he was not a white man, having a light strain of negro blood, whereupon she deserted him and returned to her home in Cincinnati. Spencer left a note saying he had killed himself because his wife did not remain true to him.

Find Boundary Stones.
Juneau, Alaska, Oct. 24.—United States Judge Brown has word from Commissioner Gerton of Porcupine that Johnnie Stick, an Indian, has guided J. W. Smith and Frank Alter-nose to the Russian boundary monuments, six in number, in Rainy Hollow, southeast of there, found by Lieutenant Emmens. The district is a vast mineral belt in American territory. The monuments are 10 feet high and built of stone.

Walking Shield Hanged.
Sioux Falls, S. D., Oct. 24.—Walking Shield, a Rosebud Indian, was hanged here for the murder of Mrs. Ghost-Faced-Bear. On the way to the gallows the Indian joked with the marshals. The murdered woman was the mother of the girl with whom Walking Shield was enamored. At sundown, Walking Shield sang a wretched death song.

Southern Miners Sign Scale.
Macon, Mo., Oct. 24.—George Colville, president of the Mine Workers' union of district 25, stated that all the operators of the state have signed the miners' scale for the present year with the exception of the Central Coal and Coke company and one of the concerns at Huntsville. The difference at the latter place will soon be adjusted.

Tom L. Johnson poured hot shot into John R. McLean and his friends at Cincinnati, in a political speech.

ARBITERS IN SESSION.

Judge Gray Elected President of the Arbitration Commission.

PRESIDENT GIVES INSTRUCTIONS.

Two Additional Recorders Appointed to Assist the Commission. Strikers Fail to Get Positions.

Washington, Oct. 24.—The members of the strike arbitration commission appointed by President Roosevelt met at the White House and went into conference. President Clark of the Order of the Railway Conductors was the first member of the commission to arrive. Bishop Spalding, accompanied by Dr. J. J. Stafford of this city, were the next to put in an appearance. General Wilson, who arrived a moment later, was followed by Thomas H. Watkins and Colonel Wright, the recorder of the commission. Then came N. W. Parker, the mining expert. Judge Gray of the United States district court was the last member to reach the White House. With his arrival, the commission was complete. Several of the members had never before met. The introductions were made in Secretary Cortelyou's office and immediately thereafter the commission ascended the stairs to the president's reception room.

The president greeted the members of the commission cordially. The interview was brief. The president impressed upon the commission the importance of expedition and informed them that he had decided to appoint two assistants to the recorder to facilitate the work. He then presented to them the instructions as follows:

"Gentlemen—At the request both of the operators and of the miners, I have appointed you a commission to inquire into, consider and pass upon, the questions in controversy in connection with the strike in the anthracite regions and the causes out of which the controversy arose. By the action you recommend, which the parties in interest have in advance consented to abide by; you will endeavor to establish the relations between the employers and the wage workers in the anthracite fields on a just and permanent basis and, as far as possible, to do away with any causes for the recurrence of such difficulties as those which you have been called in to settle. I submit to you herewith the published statement of the operators, following which I gave you as members of the commission, Mr. Wright being named as recorder; also the letter from Mr. Mitchell.

"I appoint Mr. Mosely and Mr. Neil as assistants to the recorder." With the instructions were the statements of the operators. The members of the commission withdrew in a body. They went to the office of Commissioner of Labor Wright. The commission went into executive session and Judge Gray was chosen chairman. Mr. Edward A. Mosely, who becomes an assistant to Recorder Wright by direction of the president is secretary of the interstate commerce commission. Dr. Niel, the other assistant recorder is professor of political economy at the Catholic university located near Washington. The commission was invited to lunch with the president.

Mitchell Quite Reticent.
Wilkesbarre, Pa., Oct. 24.—At President Mitchell's headquarters the latter had not learned of the action of the Philadelphia and Reading company in increasing the price of coal 50 cents a ton. He was asked to give an opinion on the matter. He thought for a minute and then said: "I have nothing to say." He was requested to give his views on the course pursued by the Lehigh Coal and Navigation company towards their men, but declined. In answer to the published statement that there was some objection to his appearing before the commission in behalf of the miners, Mr. Mitchell said he presumed the miners could select such counsel as they saw fit to present their case before the commission.

Everybody Wore Medals.
London, Oct. 24.—Nearly 400 recipients of coronation war honors were invited by King Edward at Buckingham palace. The investiture was carried out in the ballroom with unusual ceremony. All the great officers of state were present and the scene was particularly brilliant, as all the participants, in accordance with the king's instructions, wore all the ribbons, orders or medals they possessed.

Clarinda, Ia., Oct. 24.—The jury found William Lucas guilty of the murder of Emma Moore, and fixed the penalty at imprisonment for life.

TO CONTINUE STRIKE.
Independent Operators Say Men Must Return as Individuals.

Hazleton, Pa., Oct. 24.—The employees of the G. B. Markle and company collieries and the men working at the drift mines of Coxie Brothers and company have voted to continue on strike until the conditions under which they are to be taken back by these firms are changed.

One of the officials of Coxie Brothers & Co. said: "We insist that all the men formerly employed at our mines who went on strike shall apply to the respective foremen as individuals if they wish to return. If we have room for them and they committed no acts of violence during the strike they will be taken back with the understanding that the non-union men must not be molested. Every man who struck is considered by us as having left our employ and that is why we will not resume operations by permitting the men to return to work in a body."

At Silver Brook colliery, operated by J. S. Wentz and Company, the men must also make application as individuals before operations are resumed.

Fail to Find Work.

Harrisburg, Pa., Oct. 24.—It is stated here that not 50 per cent of the men who went out when the mine strike was declared in the Lykens valley region will get their places back and that only a small number have started to work. Others will be given employment, but the coal company has refused to discharge those who took the places of men who struck. The miners are incensed at this action by the company and there is a feeling of unrest in the Lykens valley. The company has issued an order to the effect that only a limited number of men will be re-employed and that it will not discharge the men who have taken the places of the strikers.

Auction of Valued Memoirs.

Vienna, Oct. 24.—An interesting sale has just commenced at St. Johann, a castle in the neighborhood of Grasse. This castle, which is picturesquely situated and all it contains were the property of the once celebrated prima donna Mme. Amalie Materna. Every object of remarkable value is being bought under the hammer. Five years ago, Mme. Materna purchased the castle, which she furnished sumptuously, conveying thither the numberless treasures accumulated in the course of her career. She met financial reverses. Among the objects sold are many given the singer during her tours of the United States.

Troops to Return.

Harrisburg, Pa., Oct. 24.—General orders for the withdrawal of the troops in the anthracite coal regions were issued by Governor Stone to Major General Miller. The orders do not state the time and manner of the withdrawing the troops, but it is expected that the state authorities will bring all of them home with the possible exception of two or three regiments before election day. This will avoid the necessity of appointing a commission to each regiment to take the votes of the soldiers in the field and the preparation of special friend of ballots.

A Transparent Increase.

Pittsburg, Oct. 24.—A new price list in the flint glass bottle trade is to be promulgated. A meeting of the executive committee of the American Flint Glass Bottle association, representing the Pittsburg, Northern and Eastern districts was held, when the old list was withdrawn. The question of another advance in price was considered and it was decided that the trade was in shape to stand for an additional five per cent. This makes an advance of 25 per cent in the price of flint glass bottles during the present month.

King Summoned to Court.

Stockholm, Oct. 24.—King Oscar has had the novel experience of being summoned to appear in court, in connection with the documents belonging to the late Helga De La Bracha, said to be in his possession. Helga, who was the daughter of the deposed King Gustavus Adolphus IV., died some years ago. Her legatee now demands the delivery of papers received by King Oscar's father from Helga. These papers are understood to be of an interesting historical character.

New Types of Warships.

London, Oct. 24.—The British admiralty has given out contracts for the construction of three warships described as "scouts." They will have a speed of 25½ knots when in fighting trim, their engines will be of 17,000 horse power and their seagoing qualities will be superior to those of the torpedo boat destroyers.

Crompton, Ky., Oct. 24.—The jury in the case of Tom Cockrell, charged with the murder of Gen Hargis, returned a verdict of not guilty.

WAS NOT MOLINEUX

Miss Miller Now Testifies That He Did Not Purchase the Bottle.

WANTED MONEY BEFORE TESTIFYING.

Important Testimony Given in the Famous Murder Case Which Is Again on Trial.

New York, Oct. 24.—The Molineux trial as usual open promptly. Charles C. Hughes of the Knickerbocker club, testified that Cornish had made some scurrilous remarks about Molineux, which witness repeated to Molineux. Charges were made against Cornish, but they were not sustained.

When Emma Miller, the clerk in Hart's general store in Newark, where the silver bottle holder was bought, had taken the stand, Mr. Osborne wanted her examination deferred until Monday, giving as a reason that he had not seen the witness for nearly three years; that he wished to talk over her testimony before examining her. The court, however, directed that she be examined now.

Miss Miller said she sold the bottle-holder submitted to her, but doubted if she could recognize the person to whom she sold it. She admitted that she had demanded \$150 before she would give her testimony.

Miss Miller said, replying to ex-Governor Black, that she remembered selling the bottle-holder in question on Dec. 21, 1898. She sold it to a man with grey eyes and a sandy beard. She was quite sure Molineux was not the man. After ex-Governor Black was through, Mr. Osborne explained that Miss Miller was a "witness of necessity" and he did not believe the prosecution should be bound entirely by her testimony, and be barred from cross-examination upon testimony elicited from her by the defense. Justice Lambert held that the prosecution might show that Miss Miller had not always been certain about her ability to say that the defendant was not the man who bought the holder. Mr. Osborne asked the witness if she had not duly recorder that she might have been able to identify the purchaser two days after the purchase was made, but that she had been annoyed by the newspaper notoriety that she could not remember anything. Miss Miller said it was practically correct.

ARREST IS MADE.

Officers Guard Prisoner to Prevent Possible Action of a Mob.

Marion, Ky., Oct. 24.—George M. Sisco, farmer, has been arrested charged with murdering from ambush Miss Nellie Williamson Wednesday night while accompanied from church by Grover Brown. Sisco's son, Allie, and Brown were rivals and had quarreled. A young brother of Miss Williamson, who accompanied the lady and Brown, stated that he recognized Sisco on the night of the shooting. It is believed that the fatal shot was intended for Brown. Sisco was taken from jail and guarded in the woods and the officers are believed to have planned evasive proceedings.

Iron Workers Strike Off.

Reading, Pa., Oct. 24.—The striking iron workers at the Reading plant of the American Iron and Steel company who are members of the Amalgamated association met here and officially declared at an end the strike which started May 16 last. They believe that in this way some of the men will be enabled to secure their old positions as they are needed and that the colored iron workers brought here from Virginia will gradually leave until all the former hands are re-employed. This action was taken in view of the settlement of the strike at the Lebanon, Pa., plant. The Federation of labor men who went out at the Reading plant have not yet done anything toward Reading reinstatement.

Serious Industrial Tie-up.

New York, Oct. 24.—With the prospect of a general strike of all the building trades numbering 75,000 men, in sympathy with the striking plasterers, if non-union men are employed, builders in this city are facing a serious situation. The tie-up on many big buildings and private residences continues and the strike effected hundreds of workmen in other trades whose work follows that of the plasterers.

Pittsburg, Oct. 24.—The condition of Bruce Head, bookkeeper, who was shot by Dr. Ellis Duncan Thursday night, has taken a serious turn and it is now more than likely that he will succumb to the effects of his injuries.

SENATOR MAEK HANNA still thinks that there are no trusts, but that if they really exist the only way of dealing with them is to "stand pat."

REPUBLICANS in this Appellate district must have been hard up for material for the bench. None of their lawyers of ability would consent to run; in fact no tried and true Republican would have the nomination, so the party was left to choose between Dearing and Applegate, two ex-Democrats and disappointed office-seekers.

J. P. MORGAN & Co., during the present year, are estimated to have received \$42,190,000 in profits for engineering great combinations. The greatest profit was in promoting the United States Steel Corporation, and this is put at \$20,340,000. Several combinations are yet to be heard from. Morgan says, however, that he has all the money he wants. His big combinations, however, are not reducing the prices of articles they control.

WHILE the President and many Republican Senators have bent every effort to settle the coal strike, there is yet to be recorded an effort on the part of a prominent Democrat to try to solve the difficulty or bring the contending parties to an agreement.—Public Ledger.

Well, the Democrats had a clear conscience, and knew the strike did not grow out of any legislation they ever enacted. It was not of Democratic outgrowth, or the result of Democratic principles. Not so, however, with the President and other Republican leaders. They knew that the tariff-bred and Republican-fostered trusts were responsible for the strike and all its accompanying misery, and they were the ones to settle it, and not the Democrats.

If an election had not been approaching, the probability is that the strike would not have been settled yet.

RANKS WITH THE ABLEST JURISTS.

Kentucky Republicans are leaving no stone unturned in their efforts to dig up sufficient votes to enable them to elect a majority of the Judges of the Appellate court at the approaching election. In their advocacy of their candidates, they put on long faces and are trying to make the voters believe that the Republican nominees are a sanctified set of individuals, with wings almost ready to sprout. Now whoever heard of a Republican politician who wasn't for his party first, last and all the time? In this district they have put up Mr. Dearing as a great "non-partisan." Though Dearing hasn't been a Republican very long, yet he's about as "non-partisan" as any of the rest of them. When it comes to fitness for the position, the Democrats present a candidate in Judge Paynter who has demonstrated by actual service on the bench his qualifications for the high position he holds. Read what Judges Pryor and Lewis say of him:

FRANKFORT, Ky., March 15, 1902.
Hon. Joseph H. Lewis, Duval Station, Ky.—Dear Sir: As our friend and former associate, Judge Paynter, is a candidate for reelection, I think it our duty to give him some testimonial of our high regard for his character as a man and his ability as a Judge. His career on the bench is indeed remarkable; coming from political life to the discharge of such responsible duties as belong to the bench, he has from the beginning manifested such an aptitude for the place as to exceed the expectation of his best friends. His labor is unceasing, his opinions clear and convincing, and he now ranks with the ablest jurists in the State. He is, in fact, a natural born lawyer, and I trust will have no opposition. Yours truly,
W. S. PRYOR.

Judge Lewis responded as follows:
DUVALL STATION, SCOTT CO., Ky.,
March 19, 1902.

Hon. W. S. Pryor, Frankfort, Ky.—Dear Judge: I agree without reservation with the high estimate expressed in your letter of Judge Paynter. During the association with him on the bench four years I became much attached to him as a man, because he is upright and fair minded; and formed a high opinion of him as a Judge, because he proved to be just, able, painstaking and hardworking. To displace him would be almost certain loss to the Commonwealth, because it would be very difficult to find a successor his equal, and next to impossible to find one in all respects his superior. Truly yours,
JOSEPH H. LEWIS.

DOES YOUR DAUGHTER NEED A JACKET?

Tell her to come in and ask for a Wooltex Contest Card. It costs nothing to try and she may win a handsome \$15 Coat. Many little ladies between 8 and 15 years are writing rhymes on "Mary and Her Little Lamb." The best verse wins.

LITTLE GIRL THIS IS FOR YOU—Ask your teacher how sheep's wool is made into cloth. Sometimes it is mixed with inferior materials and colored with ruinous dyes. Wooltex garments are absolutely pure wool, undiluted and dyed by the most improved process. They wear and don't pull out of shape. Write a 4 or 6-line verse about Mary and Her Lamb, also using the word Wooltex and Thanksgiving eve the following gentlemen will decide upon the rhyme that wins—Mr. Thos A. Davis, Judge Thos. R. Phister, Mr. Allan D. Cole.

WHY WOOLTEX COATS ARE BEST—No danger of elbows showing through, trimmings dangling, threadbare spots, or shabby button holes, because of the superiority of materials and construction. Here you'll find Wooltex garments in every fetching style to please you and your daughter, and equally important, at prices that compare with any purse.

OUTLOOK IN KENTUCKY.

State Chairman Young Regards Democratic Prospects Unusually Good.
A Big Vote Anticipated.

MT. STERLING, Ky., October 23.—The following is the forecast of the November results made public by A. W. Young, Chairman of the Democratic State Central Committee:

"The Democrats in Kentucky were never in better condition or fighting trim than now. There are no internal disturbances among them, and when that is the case Kentucky is as reliably Democratic as any State in the Union. The Democrats in the Second Appellate district, which is possibly the closest Appellate district in Kentucky, are fortunate in having a Democratic candidate whose long experience upon the Circuit Court bench has marked him as one of the ablest Judges in the State. There were local dissensions in the district which do not exist now, and at that time Judge Guffy, the Republican candidate, was an unknown quantity, and many who voted for him before have been dissatisfied with his record as a Judge.

"Settle is now serving as Circuit Judge in a district which is about 1,009 Republican; all of these counties are also in the Appellate Court district. He is stronger now in this district than ever before, and will unquestionably carry his Circuit Court district; that of itself insures his election.

"Of course, Judge Thomas H. Paynter will be elected again in the Sixth Appellate Court district. He represented the Ninth Congressional district in Congress for a number of years when it was thought to be Republican, and, in fact, had been carried by the Republicans before his nomination and election, and has never been carried Democratic but once since.

"Possibly the fiercest fight now being waged in Kentucky is in the Third Congressional district between John S. Rhea and McKenzie Moss. Moss is but a new addition to the Republican party in that district. He contested the right of John S. Rhea, who was elected before, to his seat in Congress, and with the Republican majority in Congress succeeded in ousting him. The Democrats of the Third district feel justly indignant, and will no doubt elect Rhea by an increased majority. The Republicans, feeling that they have fully repaid Moss for any debt they owe him for his change of views, there is great apathy prevailing in the Republican ranks in that district.

"In the Ninth Congressional district, which was carried at the last election by the present incumbent, J. N. Kehoe, who has been re-nominated, and who defeated the strongest Republican in the district last election, will most assuredly be carried by Mr. Kehoe, who is making an active and vigorous canvass. His opponent, Mr. Castner, has never been a candidate before.

"Hopkins, in the Tenth district, will win. I understand the Republicans lay some claim to this district, but it is safely and reliably Democratic, and has never been carried by a Republican, even in the most troublesome times. Mr. Hopkins is an admirable candidate, was nominated without any friction, and there is no reason why he should not win.

given them renewed courage, and I believe, taken as a whole, although this is an off year, the State will register a larger Democratic vote than it has in the last ten years.

More Personal.

—Miss Mamie Meyer has been visiting at Burtonville and attended the wedding of Mr. John Cole.

—Rev. R. E. Moss has returned from Omaha where he attended the international convention of the Christian Church.

—Captain Horace J. Cochran was one of the guests at the swell German given by Millionaire J. B. Haggin and wife at their palatial new home near Lexington Wednesday.

C. AND O. DOUBLE TRACKING.

Work of Construction Between Ashland and Russell Soon to Begin.

The Chesapeake and Ohio is to have a double track from Ashland to Russell. On this subject the Ashland Independent says:

Engineer of Construction Cabell, of the C. and O., has been in Ashland and vicinity for several days, looking after matters in his department. The most important matter was the staking off of a double-track line from Ashland to Russell, and the work of constructing this track will be begun at once.

The C. and O. has a double track from here to Huntington—in fact has this convenience in long stretches all along its line. The links now lacking are being steadily filled in, and at no far distant date the original project of a complete double-track system from one end of the C. and O. to the other will be consummated. This will not only permit of more rapid transit in freight and passenger service, but will reduce to a minimum the dangers of collisions so prevalent on a single track system.

At Richardson's meadow, in North Catlettsburg, where the railroad tracks are inundated at each flood tide of any consequence in the Ohio river, the C. and O. has purchased a strip of additional right-of-way ten feet wide, in order to enable it to elevate its tracks above high-water mark. This has been the lowest point on the C. and O.'s entire system.

USE PLENTY PAINT.

The Farmer Who Does Not Care For Appearance of His Premises Makes a Mistake.

[Agricultural Epitomist.]

The importance of keeping farm buildings well painted is apparently not appreciated as it should be. In traveling about the country, great carelessness in this respect is noticeable on every hand. Neat looking houses, barns and other buildings denote thrift and good management, while dilapidated weather-worn structures give the place an air of neglect or poverty, according to the degree of decay.

If a farmer cares nothing for looks, he should keep his buildings well painted, because it is good business to do so. Good paint, in convenient form for use, is now put up and sold at reasonable prices. Anyone with sufficient energy to rub the paint well into the weather checks, and interest enough in his work to keep the paint thin, can do a good job of painting. A thoroughly good brush is necessary; this is a sure case of the best being the cheapest, as it will not only enable a man to do more and better work but a good brush will last longer than a cheap one. The fall is the best time to do outside painting, as it then has all winter in which to harden slowly—whereas paint put on in spring or summer is sometimes injured with the hot sun while it is fresh and soft.

"The Only Way"

The only way by which we secure our immense trade is by having the goods that attract the people. The dressy fellow who examines "our kind" of Clothing instantly recognizes the features that are essential to his satisfaction. A try on completes the job.

Our this fall and winter stock contains so many novelties in Children's, Youths and Men's Suits and Overcoats that you can only gain an idea of it by coming in and be shown through.

Our Stein Bloch, Adler Bros. and Garson Meyer lines are the results of honest hand labor intelligently applied by the most skilled workmen in the world.

Our Shoe Department is daily growing. Money back or another pair if they don't give reasonable satisfaction.

You will do yourself injustice and us too if you don't look over our Shirts, Hats, Underwear and Neckwear before you lay in your fall supply.

JUDGE BLACK.

Able and Eloquent Discussion of the Issues of the Campaign at Court House last Night.

Judge James D. Black, of Barbourville, the most prominent Democrat of Southeastern Kentucky, and one of the State's ablest men, spoke at the court house last night on the issues of the campaign. While the court room was not crowded, yet there was a large audience who gave the distinguished speaker close attention throughout.

Judge Black devoted much of his time to a discussion of the trust question, depicting in strong terms the evils growing out of such enormous combinations of capital, and showing the importance of restricting the trusts.

Judge Black, who by the way is a candidate for Governor, fully sustained his high reputation as one of Kentucky's ablest and most eloquent speakers.

Mr. R. H. Williams, of East Limestone, has added to the BULLETIN's collection of corn, contributing two samples, one white and the other yellow—both excellent varieties and as fine as is grown anywhere.

The Court of Appeals in the case of Northington, Superintendent, vs. Sublett, from Ballard County, decided that the duties of a County School Superintendent are ministerial, and that when the County Board of Examiners grants a certificate to a teacher it is the duty of the Superintendent to issue such certificate whether he thinks the teacher is entitled to it or not. Northington had refused to issue Miss Sublett a certificate granted her by the board.

Monday evening, Oct. 27th, at Washington Opera House, the Herald Square Stock Company will open an engagement of three nights, with Wednesday matinee at 3 o'clock, presenting for their opening play the four-act comedy-drama "Master and Man." This company comes to Maysville with endorsement of the managers of the Ashland Opera House, where the company has been filling a week's engagement, as one of the best repertoire organizations on the road. Entertaining specialties are introduced between acts. Remember ladies will be admitted free Monday night under the usual conditions. Ticket sale opens at Nelson's at 1 o'clock to-day.

IMPORTANT LAW

To Prevent the Importation Into Kentucky of Dependent Children From Other States.

Below is published an important law enacted by the last Legislature of Kentucky. Owing to the fact that we have had no prohibitory laws, the State has been imposed upon by other States that have not only sent dependent, destitute and feeble-minded children, but have placed a large number of criminal children from penal institutions in our commonwealth to become public charges. It is important that this law be rigidly enforced and that any person found guilty of violating same be punished. The Children's Home Society will be glad to co-operate in putting a check upon those who are guilty of fostering upon our State youthful criminals and paupers. The law in full is as follows:

Be it enacted by the General Assembly of the Commonwealth of Kentucky: § 1. No person, corporation, association or institution shall bring or send, or cause to be brought or sent, into the State of Kentucky from any other State any dependent child, for the purpose of placing such child in any family home within the boundaries of the State of Kentucky, either with or without indenture or for adoption, or shall procure same to be done, unless the said person, corporation, association or institution shall have furnished the County Judge of the county in which any such child is to be placed or left, with a bond acceptable to the said County Judge, in the penal sum of ten thousand dollars, conditioned as follows:

That they will not send or bring, or cause to be brought or sent into this State or any county thereof, any child that is incorrigible, or one that is of unsound mind, or having any contagious or incurable disease; that they will at once, upon the placement of such child, report to the State Superintendent of the Kentucky Children's Home Society its name and age, and the name and residence of the person with whom it is placed; that if any such child shall, before it reaches the age of twenty-one years, become a public charge, they will, within thirty days after written notice shall have been given them of such fact by the Superintendent of the Kentucky Children's Home Society, remove such child from the State; and if any such dependent child shall be convicted of crime or misdemeanor, and shall be imprisoned within five years from the time of its arrival in the State, such person, corporation, association or institution shall remove such child from the State immediately upon it being released from said imprisonment, and upon failure upon thirty days notice or demand to remove, as aforesaid, any such child who shall have either become a public charge as aforesaid, or who shall have been convicted as aforesaid, in either case, such person, corporation, association or institution shall at once forfeit the sum of one thousand dollars as a penalty therefor, to be recovered upon said bond by a suit in the name of the county in which said bond shall have been filed; that they will place or cause to be placed, each of such dependent children under written contract, which will serve any such child a proper home, and will make the person so receiving such child responsible for its proper care, education and training; that they will properly supervise the care and training of such child, and that each of such children shall be visited at least once a year by a responsible agent of the person, corporation, association or institution so placing, or causing to be placed, such child as herein provided; that they will make the Superintendent of the Kentucky Children's Home Society such reports of their work as he may from time to time require.

§ 2. The State Board of the Kentucky Children's Home Society shall have general supervision and management of all matters contained in this act, and make such other further rules and regulations, not inconsistent herewith, as it may deem necessary for the proper placing out, indenture, adoption, removal and supervision of such children, and for the rejection of incorrigible or unsound children, and for the removal of children convicted of crime or misdemeanors, or who may become public charges.

§ 3. Any person, corporation, association or institution, or any officer or agent thereof, who shall receive, to be placed in a home, or shall place in a home, any child in violation of any of the provisions of this act, shall be imprisoned in the county jail not less than ten nor more than sixty days, or fined not less than \$25 or more than \$200, or both, in the discretion of the court. The provisions of this act shall not apply to a relative going to any other State and bringing a child into this State for the purpose of giving it a home in his own family.

MAYSVILLE, Oct. 23—Mrs. Dr. M. H. Davis is visiting her mother, Mrs. Wm. Hukill, in Paris.

Miss Lally and brother, Mrs. Wickham, Mrs. Comer, of Maysville, Miss Lally, of Covington, Misses Boudin, Ryan, McHugh, Lyons and Mr. Jas. Fischer, of Flemingsburg, were among those from a distance who attended the funeral of Miss Alice Lally.

Miss Bell, of Flemingsburg, is the guest of her sister.

Mr. and Mrs. Thos. Prather, of Millersburg, visited their many friends here the past week.

Miss Mae Pogue spent a few days in Maysville the first of the week.

Miss Anna Burke has returned home after a two weeks visit in Bourbon County.

Jas. Walton came up from Cincinnati to attend his cousin's burial yesterday.

Mr. and Mrs. Clarence Lydick, of Cynthiana, are guests of her father, Hon. A. P. Gooding, and sister, Mrs. S. M. Myall.

Several of our young people attended the protracted meeting which closed Sunday night at Elizaville.

Mrs. Chanslor, of St. John, Mo., is spending the month here and renewing old acquaintances after an absence of twenty-one years. She is the pleasant guest of Mrs. Chattie Killgore.

Miss Sallie Maley, of Flemingsburg, was here Wednesday.

The Millersburg and Mayslick C. E. Society will hold a union meeting here next Sunday evening at 6 o'clock. All invited.

Rev. P. M. Jones and Mr. and Mrs. John Hunt, of Maysville, were callers here Sunday evening.

Dr. M. H. Davis has added one story to his residence.

Rev. Eugene DeBruyne has returned from a trip to Covington, where he suffered from a severe attack of throat trouble.

Many friends, both old and young, were gathered at St. Rose of Lima Church yesterday morning to pay their respect to the mortal remains of Miss Alice Lally and listen to the eloquent tribute paid her by Rev. P. M. Jones. The scene was an affecting one as she reposed amid beautiful flowers—gifts of love—in the church of which she had been organist for several months, and it seemed as if the organ itself breathed forth the inspiration to follow in the footsteps of her whose fingers had only a week before pressed the keys for the last time, and by her example be ever ready to join her in the land "Where Angels Dwell." As the Lily, in its spotless purity, falls before the cruel blast of a winter's storm so the chords of her warm, young life were snapped by the ruthless hand of Death, and, thereby, one home lost a loving daughter and sister and many homes a devoted friend. Though the brightness of your presence has faded—friend, comrade! we know that to-night your joy is divine and your brow lit by the love from the Master's Throne, and we would not, if we could, call you back. "I came forth from the Father, and am come into the world; again I leave the world and go to the Father. If ye loved me, ye would indeed be glad because I go to the Father."

The profit of a gold mine depends, not on the amount of rock crushed under the stamps but upon the amount of gold which can be extracted from the rock. In a similar way the value of food which is eaten does not depend on the quantity which is taken into the stomach but upon the amount of nourishment extracted from it by the organs of nutrition and digestion. When these organs are diseased they fail to extract the nourishment in sufficient quantities to supply the needs of the several organs of the body, and these organs cannot work without nourishment. The result is heart "trouble," liver "trouble," and many another ailments. Dr. Pierce's Golden Medical Discovery, acting on every organ of the digestive and nutritive system, restores it to health and vigor. It cures diseases remote from the stomach through the stomach in which they originated. "Golden Medical Discovery" contains neither alcohol nor narcotics.
